

Enerlites®

Type-A USB Charger Receptacle

MODEL NO: 62000-4USB58

DESCRIPTION

The ENERLITES 62000-4USB58 is 5.8 Amp 4-USB Type-A charger station. Our high speed USB Type-A ports include IntelliChip technology to deliver the most advanced charging technology and optimize current to reduce charging time to devices. The USB charger receptacle allows the user to charge up to four USB devices simultaneously without the use of bulky adapters.

FEATURES

- 4 high-speed USB charging ports with 5.8A total output
- Interchangeable face covers
- Built-in smart chip recognizes each device's individual charging requirements to optimize the charge
- Tested to withstand over 10,000 insertions
- Tamper-resistant receptacle improves child safety – built-in shutter prevents access by most non-rated/foreign objects
- Fits in a standard wall box, compatible with standard wall plates
- Back wiring
